GET TO KNOW US

MEET ERIC

The face above may seem familiar to you if you have had an On Site Technician visit your home or office. This is our Senior Technical Analyst, Eric Dee. He has been a computer consultant since 1995. At work, he enjoys troubleshooting for customers. Outside of work he is restoring his '69 convertible Beetle.

Go Green & Save Green

After turning off your computer and its peripherals, turn off the power strip. Electronics can still draw power usage even if they are off and are plugged into the power strip.

Visit SmartHomeUSA.com for energy saving devices to keep your home and wallet green.

HOW ARE WE DOING?

FRONT

NEW T-SHIRT DESIGN

Look out for our new Millennium Systems Inc. T-shirts, designed by the T-shirt design contest winner, Rolando Petite. This fresh new take on the Millennium System t-shirt is sure to be a hit.

You can check out the other submissions at nextmill.net/contest_tshirt.php. Stay tuned for the next Millennium Systems Contest! You could be the next lucky winner!

MARINE CORPS HOME FRONT SANTA

This Holiday Season, the Millennium Systems family will be taking part in Homefront America. Homefront America is an all volunteer 401c3 nonprofit military outreach and support organization based in San Juan Capistrano, CA. Homefront America partners with individuals every holiday season to provide military families with a great Christmas. Created in 2006, the program began to give military families a Christmas they will never forget. If you would like to participate you can receive more information via email at info@homefrontamerica.org or at (949) 248-9468

GIVE THE WORLD WIDE WEB

Start this new year with a fresh start on the web! This holiday season give the world to a loved one! Do you or someone you know need a web presence? You can start a business, share photos with friends and family or inform the world of your hobbies and interests. At Millennium Systems we offer the perfect Starter Package. It's quick and easy! You can sign up online at our website or give us a call! Find out how you can get started.
